## Full Service Medical Facility

Summit Blvd. Animal Hospital is a full-service veterinary medical facility. Our professional and courteous staff seeks to provide the best possible medical, surgical and dental care for our highly valued patients. We are committed to promoting responsible pet ownership, preventive health care and health-related educational opportunities for our clients.

## Wellness & Internal Medicine

Regular wellness examinations are the foundation to helping pets live longer, healthier, happier lives. Wellness care covers far more than vaccinations; it also includes preventive care such as heartworm and intestinal parasite testing, nose-to-tail exams and comprehensive evaluations of overall health.

## Advanced Technology

Our modern facility includes state-of-the-art diagnostic and surgical technology to help us provide the best medical care possible for your pets.

- Extensive in-house laboratory
- Digital radiography
- Ultrasound
- Fully stocked pharmacy

## Surgery

We offer the most advanced surgical techniques and technology. All patients are carefully screened for safety and anesthetics are specifically tailored to your pet. To ensure the safest, most efficient procedures for your pet, our surgical services and facilities include:

- Fully trained veterinary and technical staff
- Heated surgery tables for greater comfort
- Advanced sterilization techniques
- ECG and oxygen saturation monitors
- Intensive after-surgery care and full blood testing
- Laser surgery

## Dentistry

Did you know that regular dental care could add as much as **FIVE YEARS** to your pet's life? Periodontal disease is the most common ailment found in dogs and cats over four years old. It can lead to pain and tooth loss, and the resulting bacteria can spread throughout the body and damage the heart, lungs, kidneys and liver.

Regular professional cleaning is important to maintaining your pet's health. We use a modern and safe ultrasonic scalar to clean each tooth thoroughly—above and below the gum line. Our advanced dental care also includes digital dental radiology extractions, root canals, etc.

## Boarding

Our dogs and cats are like our children; we feed, nurture and lavish attention on them. Our trained staff does the same while you're away. From puppies and kittens to seniors, we make your pet's special needs our priority during their stay. Our boarding facility is veterinarian and staff supervised 7 days a week to offer you additional peace of mind while you are away.
